Information About This Service

Description

1300 numbers are virtual business numbers that can be called for as low as the cost of a local call. These numbers receive incoming calls and redirect them to an existing phone line ("answerpoint") such as a mobile or landline.

Smart numbers are distinctive phone numbers that are considered 'the best' 13, 1300, and 1800 numbers available. These inbound numbers come in the form of phone words which spell out your business name or service e.g. 1300 PHONES (1300 746 637), and numbers that come in repeating or sequenced numerical patterns e.g. 1300 50 10 50.
