

Critical Information Summary

Information about the service

Here's a quick summary of all the important information relating to this product. Please be advised that specific pricing will be provided after completing an address qualification.

This plan is for a business grade up to 1000Mbps/1000Mbps Internet service.

Minimum Term

This plan has a 24, 36 or 48-month minimum term.

What's Included and Excluded?

Your Fibre 1000 Internet service includes:

- Static IP Address

You receive an Unlimited Data Allowance each month.

There are no peak or off peak restrictions on your use and no excess usage charges. The speed of the Internet service is up to 1000Mbps/1000Mbps.

Information about pricing

The minimum monthly charge for this service is \$799.00 per month. This is the cheapest month fee that can apply. The specific monthly charge will be detailed at the time of sign up and will be based on your buildings Fibre1000 availability.

A service qualification is required to provide final monthly price and minimum cost across the length of the contract.

Connection Charge

The connection fee may be applicable for this service. This will vary based on the selected contract term.

Early Termination

If you choose to cancel your service or it is disconnected for any reason within the contract term you will be charged an early termination fee (ETF) comprised of your minimum monthly commitment multiplied by the months remaining in your contract. You must provide 30 days' notice to us to disconnect a service

Other Information

Availability

This service is not available everywhere. This service is delivered using the AAPT Fibre1000 footprint

It is important that a service qualification test is performed before ordering this service.

Ethernet Speeds

Actual speeds you will receive will vary due to a number of factors such as your distance from the exchange, the network connecting the exchange, your equipment, software and internet traffic. Download speeds on devices connected via a Wi-Fi modem or network extender may be slower than on devices connected by a fixed Ethernet cable.

Equipment

You may use your own router provided it is compatible with our service; however this means that you will be responsible for the configuration and management of the router. Ask us for information on approved routers. Alternatively, you may purchase your router from us. If you do purchase a router from us we will support, monitor and manage the router on your behalf. We recommend Cisco Meraki or Ubiquiti GB Routers which can be supplied if required.

Billing

We will bill you in advance for the minimum monthly charge and features. Your first bill will include charges for part of the month from when you took up your plan until the end of that billing cycle, as well as the minimum monthly charge in advance for the next billing cycle.

We are here to help

If you have any questions, just call us on [1300 4 COMMS](tel:13004COMMS) (1300 42 66 67) so we can serve you better. Or you can visit us at www.commschoice.com for additional information, including to access information about your usage of the service.
