

Direct Routing for MS Teams

Critical Information Summary

Information about the service

Service description

The CommsChoice Direct Routing for Teams PAYG plan uses the phone system built into Office 365. You will require an internet connection in order to use this service. This can be supplied by CommsChoice separately if required.

Hardware

There is no included hardware with the Plan. You can choose to purchase handsets outright or arrange to finance the handsets you need.

Key details

Your CommsChoice Direct Routing for Teams PAYG plan allows you to make and receive phone calls through O365. Calls and optional value added services and any other equipment fees are charged in addition to your Monthly Access Fee.

This service may not be suitable if you require an uninterrupted phone service with access to 000 emergency services. The service will not function in the event of a power failure. Priority assistance is not available on this service.

Standard installation requirements

An Internet service with a minimum of 100kbps/100kbps per concurrent call is required for a CommsChoice Direct Routing for Teams PAYG plan to work.

You are required to install the handset(s) supplied as part of your CommsChoice Direct Routing for Teams PAYG plan unless you have arranged for and paid for our onsite field engineering service. This includes any associated cabling, configuration or your network and any routers and/or switches within your network to allow the CommsChoice Direct Routing for Teams handsets to work. Installation options can be arranged at an additional charge. For more information please speak to our customer service team on [1300 4 COMMS](tel:13004COMMS) (1300 42 66 67).
